Golden Gate Conference Room (Room 8102), 8<sup>th</sup> floor  
**WEBEX MEETING:** <https://global.gotomeeting.com/join/821080965>  
1 872-240-3311; Access code: 821-080-965

---

### AGENDA

1. Welcome and Introductions (15 minutes)
2. Policy Updates (15 minutes)  
MTC Updates - *Ursula Vogler and Rebecca Long, MTC*
  - *Prop 6 will repeal SB 1 funding (which includes a 12 cent gas tax and other revenue sources that will raise eventually 5 billion per year. It was a huge win that transportation has been working on for the last decade.)*
  - *For the Bay Area, there was over \$200 million for streets and local roads, that many municipalities have already programmed.*
  - *Initiative amends constitution to say that future gas taxes and vehicle fees now have to be approved by the voters.*
  - *A website shows projects that are funded currently through SB1. This can be used to show people the benefits of SB1 funding: <http://rebuildingca.ca.gov/map.html>*
  - *More information on opposition to Prop 6: <https://noprop6.com/>*
  - *TAC members asked for a template letter they can distribute*

## ATP Updates - Karl Anderson and Kenneth Kao, MTC

- *MTC received 72 applications, totaling 340 million, that's around 4.7 million per project and an increase of 2 million per project since last cycle.*
- *45% of the projects were in medium infrastructure, and 60% included SRTS or a non-infrastructure component.*
- *70% benefited disadvantaged communities.*
- *California will provide a state-wide update when they finish cataloguing.*
- *State will release grant awardees in December (after Prop 6 decision), and then MTC follows in late January or February.*
- *Next cycle will be in 2 years, and will cover 4 fiscal years at a time with 2 overlapping years.*
- *Impact of Prop 6: SB1 doubles the available money for ATP by adding \$100 million, If Prop 6 passes, that \$100 million goes away*
  - *Currently CTC has 220 million for Cycle 4 - and that would be reduced*
  - *The regional impact: currently 36 million available regionally, that would go down by about half*
  - *State will know about SB1 by the time they announce winners (so no ones funding will be revoked, but fewer projects will be funded)*

## Statewide Updates - Marty Martinez, SRTS National Partnership

- *SRTS National Partnership is taking stand against Prop 6*
- *SB2- the bill that would prevent middle and high schools start no earlier than 8:30 is back on the table. It would have to pass by August 31<sup>st</sup>*

## 3. High School Grant Updates (10 minutes)

*Hannah Day-Kapell, Alta Planning + Design*

- Application period: May 23, 2018 - June 18, 2018
  - i. Next year the application will be earlier, and longer
  - ii. Next cycle will be \$90,000, up from \$50,000 pilot this year
- Evaluation committee considered: clarity & comprehensiveness of proposal, potential reach, potential for mode shift, ability to engage with underserved youth, ability to deliver a final product in a timely and on-budget manner, no existing or previous funding.
- Received: 11 Vendor Statements, 10 Grant Applications
- Selected five projects for the 2018-19 pilot:
  - i. Share the Road Education and Encouragement Campaign (San Marin High with Marin County Bicycle Coalition)
